ABOUT STUDYING BREEMA

Breema's philosophy is a clear and comprehensive expression of the underlying unity of all existence. You will be introduced to the Nine Principles of Harmony, which are a concise expression of Breema's philosophy.

Breema bodywork & Self-Breema exercises allow us to establish a direct, experiential relationship to the Nine Principles. Breema opens a new and natural way of relating to yourself and to other people. Studying Breema is nurturing, relaxing and energizing.

No prior bodywork experience is necessary. However, participants need to be able to sit, move and lie down on a well-padded floor to practice and receive Breema.

Breema is a service mark of the Breema Center.

Breema offers us the possibility of having a new posture toward life, one in which we see that it is possible to meet the constantly changing events of life with a balanced and supportive atmosphere within ourselves. We experience worry, anxiety and tension when we are not connected to this inner atmosphere.

Experiencing Breema's Nine Principles of Harmony through practicing nurturing Breema bodywork and Self-Breema movement exercises gives us a foundation for tasting balance and harmony outside of the classroom in our daily lives. Join us for an energizing and unifying workshop!
