

About Studying Breema

BREEMA'S PHILOSOPHY is a clear and comprehensive expression of the underlying unity of all existence. You will be introduced to the Nine Principles of Harmony, which are a concise expression of Breema's philosophy.

BREEMA BODYWORK & SELF-BREEMA EXERCISES allow us to establish a direct, experiential relationship to the Nine Principles. Breema opens a new and natural way of relating to yourself and to other people. Studying Breema is nurturing, relaxing, and energizing.

No prior bodywork experience is necessary. However, participants need to be able to sit, move, and lie down on a well-padded floor to practice and receive Breema.

All Possibilities Are in This Moment

with Jon Schreiber, Angela Porter, and Ariadne Thompson

Our life is this **moment**. The past is a memory, the future is theoretical. Each moment, we have an opportunity to truly say yes to life, and do our part in making it harmonious and fulfilling. Breema bodywork is an ideal framework to experience living fully in each moment and every movement. By working with Full Participation, Single Moment/Single Activity, and the rest of the Nine Principles of Harmony, Breema offers us a direct, experiential connection to the real meaning and value of being present. In this workshop we will learn a complete Breema treatment in which you can find increasing depth and benefit for the rest of your life.

Breema: Opening to Yourself Is Opening to All

with Arlie Mischeaux and Christine Hunt

This class is a perfect way to begin your exploration of Breema and The Art of Being Present. We begin by practicing nurturing self-care exercises (Self-Breema) that you can easily do at home, and then exchange partner sequences (Breema Bodywork) that support aliveness and flexibility in the body, mind, and feelings (and also profound relaxation). We will work with the body's natural weight and breathing, and become familiar with Breema's uniquely balanced quality of touch, which simultaneously expresses each of the Nine Principles of Harmony. This is an opportunity to deeply nourish yourself and discover a more centered and open-hearted posture in life.
