

FOR 2010, THE BREEMA CENTER INVITES YOU
TO JOIN US IN DISCOVERING

THE NINE PRINCIPLES *of* HARMONY

mutual support

Any time you give support, Mutual Support is taking place, because you are receiving support simultaneously. When you are in a position to give support, it is because you have been supported to be in that position.

At any moment you manifest in harmony with your understanding, in harmony with your Conscience, in harmony with your True nature, you are being supported.

Every one of the Nine Principles of Harmony can support us to come to the present and live life more fully.
